The South Dakota Board of Regents is the owner of the registrations or applications for each of the listed varieties above and gives limited permission to use the listed varieties in seed mixtures subject to the following conditions:

1. The PVP Title V variety used in the mixture must be certified by an official seed certification agency or from a certified seed lot.
2. The variety used in the mixture must be identified on the label as required by the U.S. Plant Variety Protection Act as a component of the mixture, including the percentage of the mixture it contributes.
3. Sellers of the mixture will maintain proper records for the mixture and components and record quality information for each mixture component and proof of certification.

If you have questions about this limited permission or the requirements set forth, you can contact John Blanton at the contact information below.

Sincerely,

John Blanton Jr., Ph.D.
